THE WINES OF HUSCH VINEYARDS

The third generation of the Oswald family - Zac Robinson and Amanda Robinson Holstine - continue a family tradition that began more than 50 years ago. Regenerative farming, innovation, and a devotion to farming define the character of this charming family winery.

A notable cast of innovators all left their imprint on today's Husch. The family patriarch - H.A. Oswald, Jr. brought his farming and business expertise to the winery in 1979. Tony and Gretchen Husch showed their vision when they planted chardonnay and gewurztraminer grapevines on the Estate in 1968. Al White, the vineyard manager from 1975 to 2024 (50 years!) showed incredible vision when he sold the plow in 1976 and started Husch on a regenerative farming path 10 years before the word "regenerative" was even coined.

While the winery has modernized over time, Husch has always remained true to its agricultural roots and rustic charm. The pioneering spirit that inspired the original plantings still defines the winery today.

Zanotto's Markets are very happy to be featuring award winning wines from Husch during the entire month of September. As always, we thank you for your continued support of our wine department and we look forward to seeing you soon in one of our stores.
